Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 01 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning more unsettled and showery tomorrow and at the weekend.

This Evening and Tonight:
Variable, and at times, large amounts of cloud and some clear spells, cloudiest conditions in coastal counties. Dry for many but cloud thick enough for rain at times in the east. Also a few fog patches about by dawn.

Friday:
Sunny spells for most areas. Largely dry in the far north and far south but some showers elsewhere, especially southern Scotland and northern England where some heavy afternoon showers.

Outlook for Saturday to Monday:
Showers will affect most places over the weekend, some heavy with a threat of hail and thunder. Feeling humid with light or moderate winds, cooler under persistent coastal low cloud.
